## MEDICINAL.

### Dr. Pierce's GOLDEN MEDICAL DISCOVERY Restores LOST FLESH AND STRENGTH

"I was a total wreck—could not sleep or eat," writes Mr. J. C. Beers, of Berryman, Crawford Co., Mo. "For two years I tried medicine from doctors but received very little benefit. I lost flesh and strength, was not able to do a good day's work. I commenced taking Dr. Pierce's Golden Medical Discovery, and when I had taken one bottle I could sleep and my appetite was wonderfully improved. I have taken five bottles and am still improving."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore, accept no substitute for "Golden Medical Discovery."

## POWER FROM GREAT FALLS.

It is said that an English syndicate,  
represented by J. F. McLaughlin, of  
Toronto, Canada, is contemplating the  
utilization of the power from the falls of  
the Potomac river for industrial pur-  
poses, first in Washington, and later in  
Baltimore. It is said one of the largest  
power plants in the world will be built  
and operated by turbine wheels and  
electrical energy will be supplied to a  
wide area. The plans, which, it is re-  
ported, will be in active operation in  
about two years, are credited to Ernest  
Terah Hooley, the English promoter,  
whose plunging several years ago led to  
complications. With him, besides Mr.  
McLaughlin, it is said, are associated J.  
Carlin Kelly, of Bradfordshire, England,  
and Gen. Russell Thayer, a well-known  
civil engineer and superintendent of  
Fairmont Park, Philadelphia. The first  
plant, it is said, will be erected near  
the first Potomac falls, five miles dis-  
tant from Capitol Hill. In the course  
of one mile at this point the river falls  
60 feet, which fall will furnish motive  
power for heavy dynamos. The report  
alleges the syndicate has acquired land  
on both sides of the river from tide water  
to Great Falls. The plan of develop-  
ment involves a capital of \$5,000,000,  
and work, it is said, is to begin within  
a month. More than 1,000 men will be  
employed at the beginning. It is ex-  
pected that within two years 25,000  
horse power will be ready for use, while  
a still greater amount will be insured by  
the erection of other plants. Accord-  
ing to the report, lines will gradually be  
extended in all directions, reaching  
Baltimore in time.

## RIOTING MINERS.

The entire Third Brigade of the Penn-  
sylvania militia, numbering over 3,000  
men, was expected to be in the field to-  
day for the purpose of restoring quiet in  
the coal regions. The Ninth Regiment,  
Col. C. B. Dougherty commanding, has  
been added to the forces, and it is Gen-  
eral Gobin's plan to call out the entire  
companies of the Fourth Regiment which  
have not yet seen duty in this strike  
and Battery C, of Phoenixville. He will  
then have under his command in  
Lackawanna, Luzerne, Schuylkill,  
and Carbon counties some 3,200 men.  
Despite the force now in the field and  
the certainty that the State administra-  
tion will continue to send troops as long  
as they are necessary there was no de-  
crease in the violence yesterday. The  
scene merely shifted.

In Lackawanna county, where the  
lawlessness of Monday caused the calling  
out of the Thirteenth, there was com-  
parative quiet. In the vicinity of  
Wilkesbarre the disturbances continued  
until well toward morning, and spread  
to the Schuylkill district, where a dy-  
namiting and an attack on coal guards  
is reported.

The situation became so critical at  
midnight that Sheriff Jacobs, who had  
been at his home in Hazleton all day,  
hurried to Wilkesbarre and found every  
available deputy was engaged, and there  
were constant calls for more. Not only  
were there insufficient deputies to an-  
swer all the calls, but several parties of  
those who had gone out were in trouble,  
being practically helpless in the face of  
the large and infuriated mobs.

The strikers had placed obstructions  
upon the tracks and the two cars carry-  
ing the deputies were derailed. Pre-  
viously the strikers had wrecked a coal  
train on the same road by opening a  
switch and they later added to their de-  
vils by throwing two dynamite bombs  
over the stockade of the No. 18 colliery.  
They did no harm, however.  
At Nanticoke John Waslewski was  
stabbed in three places and dangerously  
injured, and a score of others were as-  
saulted, some seriously, while several  
houses were stoned and officers who tried  
to enforce order were attacked.

A serious conflict occurred between  
strikers and deputies near Freeland.  
There were some two thousand strikers  
in two parties which surrounded the up-  
per Lehigh colliery on the north and  
south approaches and drove off the  
workers.  
Twenty deputies commanded by Su-  
perintendent A. C. Leisnering and  
known as the "flying squadron" drove  
back the crowd until close to the borough  
limits of Freeland, where they made a  
stand and stoned and fired at the de-  
puties and were surrounded when some  
union leaders appeared and com-  
pelled their men to disperse.

Minor cases of violence to the number  
of two score and more are reported.  
President Mitchell was asked several  
times yesterday for a statement on the  
conditions, and if he deemed it neces-  
sary for the troops to be on the scene,  
but he declined to answer.

DR. STUART STRUCK PATIENT.—Be-  
cause he struck a patient, Dr. D. T.  
Stuart, senior resident physician of the  
Central Dispensary and Emergency Hos-  
pital, in Washington, was summarily dis-  
missed last night. The name of the pa-  
tient who was assaulted is not known, but  
soon will be learned. Shortly before 12
